

Sensor Technology – En Route to an Intelligent Product. Solutions, Trends, Potential.

Special Exhibit and Specialist Forum from Feb. 5 - 8, 2019

Modern industry is heading for a new generation of intelligent, networked systems –in production on the one hand and in the products themselves on the other hand. Sensor technology plays a key role in this regard. The Intec and Z focus on application benefits and challenges within the framework of the special exhibit. Solutions, trends and potential are illustrated not only theoretically, but also with best practice examples and new business models.

The specialist forum will focus on the potential of sensor technology, system integration and the amount of data to be handled as key topics.

The special exhibit including specialist forum is prepared and organized in cooperation with AMZ (Saxony's Automotive Suppliers Initiative) and the program advisory council.

Program advisory council

Dr. Peter Bloß

Kunststoff-Zentrum in Leipzig gGmbH

Dr. Dirk Droste

Bosch Sensortec GmbH

Hannes Georgi

ADZ NAGANO GmbH

André Knabe

AMZ – Saxony's Automotive Suppliers Initiative / RKW Sachsen GmbH

Dr. Christian Körner

Organic Electronics Saxony Management GmbH

Dr.-Ing. Andreas Middendorf

Fraunhofer Institute for Reliability and Microintegration (IZM)

Axel Pätzold

FusionSystems GmbH

Dr. Karsten Sager

Intelligente Sensorsysteme Dresden GmbH - i2s

Dr.-Ing. Ullrich Scheunert

FusionSystems GmbH

Dr. Peter Schneider

Fraunhofer Institute for Integrated Circuits (IIS)

Dirk Vogel

AMZ- Saxony's Automotive Suppliers Initiative / RKW Sachsen GmbH

The special exhibit set right in the middle, not on the sidelines

Within the framework of both industry trade fairs Intec and Z, the special exhibit provides space for your demonstration objects and sample applications. Every exhibitor of the special exhibit has his own information booth, which offers sufficient space for exhibits, thus combining theory and practice here within the context of the trade fair. The integrated specialist forum serves as a platform where select presentations and lectures as well as intensive discussions can take place.

The registration forms will be available for **downloading in May** at www.messe-intec.de or www.subcontractingfair.com!

Terms and conditions for participating in the exhibit

1) Participation package for **exhibitors** of Intec / Z 2019

Services: Presentation area with counter, brochure holders, custom-markable stele, bar stools, platform,
1 exhibitor badge

€ 150
plus sales tax

2) Participation package for **non-exhibitors** of Intec / Z 2019

Services: Presentation area with counter, brochure holders,
custom-markable stele, bar stools, platform
1 exhibitor badge, media fee
(Mandatory entry in the exhibitor database for Z / Intec 2019-
print / online with company name / address, 1 entry in special exhibit product group)

€ 650
plus sales tax

Including: additional press and public relations activities of the Leipziger Messe in Germany and abroad

- Direct mailings to approx. 100,000 trade visitors
- Inserts in important specialist publications and portals
- Press releases and news
- Provision of free advertising materials (brochures, posters, advertising banners, etc.)

Contact

Leipziger Messe is your contact for all organizational questions relating to the preparation and organization of the special exhibit.
